NURSE LICENSURE COMPACT

Marcus Downs, CEO, Georgia Nurses Association, provided a draft bill and Georgia Nurses Association (“GNA”) legislative document. Downs noted that the Georgia Board of Nursing approached GNA in summer 2016 about carrying the Nurse Licensure Compact (“NLC”) legislation. He expressed appreciation to the National Council of State Boards of Nursing (“NCSBN”) for its information and resources. Downs provided information regarding the legislative process as it developed over the past few months and noted some obstacles and challenges that GNA had encountered. He explained that the bill had bipartisan and rural/urban support. He noted that GNA hosted a legislative day at the Capitol on January 12 with nearly seventy-five (75) attending including GBON member Rowe. Downs stated that he felt very confident that if the NLC legislation was introduced that day that it would have the necessary votes for passage in both chambers.

Barton thanked Downs for the update and questioned how the Board would communicate concerns regarding the proposed bill. Downs noted that he had been in frequent contact with Izlar, Rowe and Cleghorn regarding the legislative process. He asked that the Board trust the GNA lobbyists to guide the bill through the legislative process. Izlar noted that the Board would review the draft language and communicate any concerns to Downs. Downs assured the Board that GNA would represent the Board well and not compromise the bill.

Izlar requested that the Board be notified when the bill was to be introduced. Downs reassured the Board of GNA’s commitment to the partnership with the Board and explained that they were currently working with legislative leadership to determine the best path to move the bill forward.

Izlar asked Downs to provide information regarding the proposed legislative study committee for APRN practice. Downs noted that the primary purpose of the study was to demonstrate the importance of the role of nurse practitioner and would include ordering radiographic imaging in non life threatening situations and prescription of schedule two opioids.

Board members encouraged visitors to become involved with GNA and Downs noted that unity was the only way to advance the profession. He explained that it was important for nurses to be able to express their narrative.
